

Help 9 Million People Get Their Stimulus Payment

Spread the Word! Deadlines Approaching for Unclaimed Stimulus Payments

The **Coronavirus Aid, Relief, and Economic Security (CARES) Act** provided economic impact payments to individuals up to \$1,200 and \$500 for each qualified child to help dampen the impact of the economic fallout of COVID-19. Most people have already received their payments.

But about **9 million people** who make so little they do not file taxes have not claimed their payment, and they have a November 21 deadline to do so in order to receive the payment in 2020. This group includes very low-income families with children, people disconnected from work opportunities for a long period, many low-income adult-only households, and low-income individuals who receive Social Security or Supplemental Security Income. A simple IRS form they may not know about now stands between them and their much-needed stimulus funds.

Help spread the word about the November 21, 2020 deadline for non-filers to complete the IRS form to receive their full Economic Impact Payment.

The Center on Budget and Policy Priorities (CBPP) **estimates** there are 9 million people who are eligible for Economic Impact Payments (EIP) but must file an online form with the IRS by November 21 to claim the funds this year. Otherwise, they must file a 2020 tax return next year to receive the payment in 2021. The **CBPP** report provides **demographic information, state by state numbers**, and suggestions for steps that states, as well as community and legal service providers, can take to help the most vulnerable individuals claim the substantial economic stimulus payment.

The best way to claim the payment is to use the Non-Filers: Enter Payment Info Here link on the IRS

website. But it is also possible to print and mail the information. Instructions on how to do so are on the IRS **Economic Impact Payment Information Center** in the answers to the questions. “Can I print information to register me for the Payment if I use the Non-Filers: Enter Payment Info Here tool?” and “May I mail Form 1040 or Form 1040-SR with information Necessary for my Payment instead of using the Non-Filers: Enter Payment Info Here tool?”

Resources

Questions about stimulus payments are on the IRS website in the **Economic Impact Payment Information Center** and for those on **Social Security or retired railroad workers and veterans**. CBPP has **resources** to support EIP outreach work, including flyers, press release templates, FAQs, and additional outreach tools. Please also spread the word that people who received an **EIP prepaid card** should activate it or **replace it** to receive their money.

And save the date: Nov. 10 is the National EIP Registration Day to help reach more non-filers.
